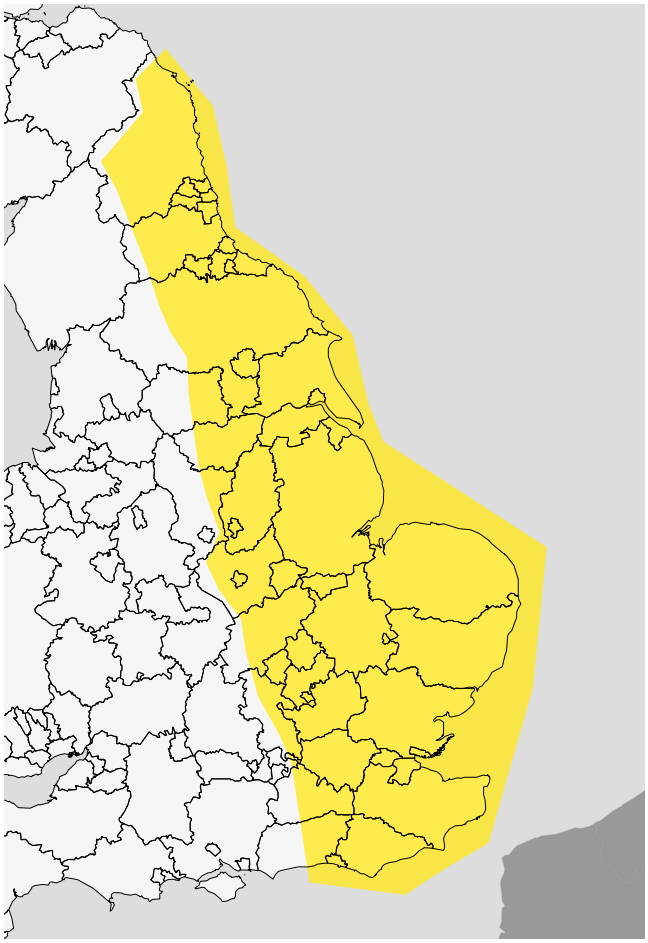
Yellow warning
Thunderstorm

Between
14:00 Fri 27 Jul 2018 and
02:00 Sat 28 Jul 2018



Heavy thunderstorms are possible.

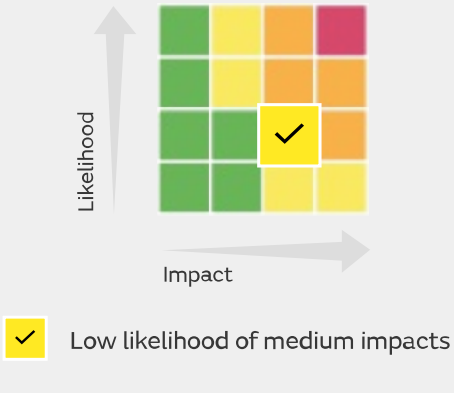
What to expect

- Flooding of homes and businesses could happen quickly, with damage to some buildings from floodwater, lightning strikes, hail or strong winds
- Where flooding or lightning strikes occur, there is a chance of delays and some cancellations to train and bus services
- Spray and sudden flooding could lead to difficult driving conditions and some road closures
- Power cuts might occur and other services to some homes and businesses could be lost

Further details

There is the potential for thunderstorms to develop during Friday afternoon, lasting well into the evening and perhaps developing into larger areas of heavy rain. The thunderstorms will clear away after midnight, perhaps lingering in the far north east of England into the early hours of Saturday.

Where the thunderstorms occur torrential downpours are possible with as much as 30 mm of rainfall in 1 hour and 60 mm in 3 hours. Large hail, frequent lightning and strong, gusty winds will be additional hazards. However, many places will see much lower rainfall amounts.



Low likelihood of medium impacts
